About

weBoost **Office 100 (Directional/Panel)** kit is the right booster for a small business or warehouse in rural areas that are far away from any cell towers. Target the nearest tower with the included outside directional antenna to powerfully boost coverage. Once securely mounted to a wall, the inside panel antenna broadcasts the amplified signal in a wide area. The 5G-compatible, 50-ohm-kit immediately improves coverage on all Canadian carrier networks, including Rogers, Telus, Bell, and more. All components needed for do-it-yourself installation are included. The Office 100 (Directional/Panel) comes with an industry-leading 3-year manufacturer's warranty and a 30-day money-back guarantee.

This kit is only available at 50 ohms.
